

UC Berkeley - UCSF Graduate Program in Bioengineering Constitution of Qualifying Examination Committee

Student Name: _____ Date: _____

Research Mentor: _____ Home Campus: _____

Note: This Program form should be approved and submitted to a student's Home Campus administrator. Students must then file the appropriate online form with their Home Campus Graduate Division to formally constitute their Qualifying Exam Committee. This must be done at least three weeks prior to the exam date.

The Qualifying Exam is administered by a committee of four academic senate faculty members. Composition of this Committee is governed by Graduate Division policy and Program guidelines; see Section 3.5 for details. A student's Research Mentor **cannot** serve on this Committee. A standard Bioengineering Qualifying Exam Committee includes the following:

- Member 1 (Committee Chair): Core faculty member from student's home campus
- Member 2: Core faculty member from opposite campus
- Member 3: Core faculty member from student's home campus
- Member 4: Non-core (outside or affiliate) member from student's home campus

Name	Campus (UCB/UCSF)	Core Faculty?	Academic Title and Department	Email
Member 1 (Chair):		Yes		
Member 2:		Yes		
Member 3:		Yes		
Member 4 (Outside member):		No		

Students in rare circumstances seeking a qualifying exam committee outside of these requirements should consult with their Head Graduate Advisor to put forth a petition to the Program's Executive Committee, and in some situations, the student's home campus Graduate Division. See Section 3.5 for more details.

Approved: _____
Head Graduate Advisor Date

Exam Date: _____ Location: _____ Time: _____
